

# **Thank You for the Rain, Lord**

**Thank you for the rain, Lord  
Falling from the sky,  
Washing dirty pavements  
Watering gardens dry;  
Shining on the rooftops  
Splashing down the drain,  
You are Lord of everything  
We praise you again.**

**Thank you for the storm, Lord  
Thunder crashing loud;  
Thank you when the lightning  
leaps from sky to ground;  
Thank you for the power  
in wind and driving rain,  
You are Lord of everything  
We praise you again.**

**When there's too much rain, Lord  
Falling from the sky  
Everything turns grey Lord,  
Rivers start to rise,  
When the land is flooded,  
Hear your people cry  
Help us help each other,  
Until the land is dry.**

**Thank you for the rainbow  
Sunshine through the rain  
Thank you for the beauty,  
Colour in the grey;  
Though the weather changes,  
Always you're the same,  
You are Lord of everything  
We praise you again.**
