

# **Trees in Seasons**

**Standing like a skeleton  
Black against the sky  
Tree in the winter,  
Waiting for life;  
Waiting for the sunshine  
Bringing buds again  
Waits through the darkness,  
Snow, frost, and rain.**

**Standing like umbrellas  
Green against the sky,  
Trees in the summer  
Bursting with life;  
Thank God for oak trees,  
Beech and palm and pine,  
Thank God for fruit trees,  
Peach, plum and vine.**

**Standing in the autumn  
Trees red and brown,  
Conkers are falling  
Down to the ground;  
How can so much beauty  
Come when trees are old?  
Thank God for autumn  
Season of gold.**
