

2024-2025 CHRISTIANS IN SCHOOLS

SERVING SCHOOLS, PARTNERING CHURCHES

A great way to enhance your PSHCE education, CiST 'SPACES' are exactly that– a space for pupils to develop skills of personal reflection and to explore their feelings about themselves and the world around them in an open, inclusive and safe environment. They offer pupils of all faiths and none time to explore life's questions, spirituality and faith in creative and interactive ways. Our 'SPACES' require a room that the activity stations can be set up in beforehand (set up takes about an hour) and left throughout the day before being packed down again.

This could be a room in school or even in your local church if you have one within walking distance. Pupils can visit the 'SPACES' in small groups or as a class.

CIST SPACES

HEAD SPACE

In a busy world, it's important to make time to reflect and re-set! Young people need time to process what's going on in the world and their own lives. Our 'Headspace' activities help pupils connect with their thoughts and feelings as they explore what makes them feel joyful, worried, sad, hopeful, encouraged, excited, fearful, forgiving etc. Headspace is a little oasis in the hustle and bustle of school life!

Year 5/6/7/8
