As Christians in Schools Trust, we are passionate about empowering the young people of Stockport to realise their potential, grow in confidence and protect their mental health and wellbeing. We believe that all R.E should be fun, engaging, and help young people understand the views of real-life Christians in Britain today. This dossier will show you what Christians in Schools can offer your R.E department today!

# The Christian perspective...

As a Christian organization with practicing Christian workers, we are always able to offer a real-life Christian perspective to your students.

A popular theme for discussion can often be “How does what we are learning about impact modern Christians?” and we are happy to come in and provide that angle. We offer discussion panels where your students can ask us questions about our faith and beliefs that will inform their views on Christian beliefs for their exam papers.

If you have a particular topic in mind that you would like a Christian perspective on, please don't hesitate to ask!

Emma and Jen are our dedicated secondary schools workers, and would love to hear from you if you'd like to make a booking or find out more. You can contact them on [emmah.cist@outlook.com](mailto:emmah.cist@outlook.com) and [jena.cist@outlook.com](mailto:jena.cist@outlook.com)
